Grooming Agreement

Please read each part and write your initials.

Pet's name

PLEASE INITIAL EACH PART

Initials

True info. What I wrote on this form is true. I will tell the groomer about any change in my pet's health or behavior before a visit.

Initials

Mats. If my pet's coat is badly matted, the groomer may need to shave it short. Brushing out heavy mats can hurt. Shaving can show skin redness or irritation that the mats hid. Matted grooms may cost more.

Initials

Senior, sick, or nervous pets. Grooming can be stressful for older pets, pets with health problems, and nervous pets. The groomer may stop the groom if they think it isn't safe for my pet to go on, and I will pay for the work done.

Initials

Bites and handling. If my pet may bite, the groomer may use a muzzle or stop the groom. I will tell the groomer if my pet has ever bitten.

Initials

Emergencies. If my pet gets sick or hurt during the groom, the groomer will try to reach me first. If they can't reach me, they may take my pet to my vet or the nearest emergency vet. I agree to pay for that care.

Initials

Fleas and ticks. If the groomer finds fleas or ticks, they may give a flea bath, and there may be an extra charge for it and for cleaning the van.

Initials

Photos. ☐ Yes ☐ No The groomer may post photos of my pet online. They won't share my name or address.
